Student Blog/Website Permission Form

Dear Parent/Guardian:

Your student is currently enrolled in _____. This class is planning to use a student blog/website for instructional purposes: 1) to teach a student how to create or maintain a website or 2) to facilitate a student's work on school assignments or research projects. No student pages will be posted or made accessible to the general public until approved by the principal or teacher/sponsor. Principals and teachers maintain editorial control over student websites.

Students are encouraged to review the Acceptable Use Policy before agreeing to publish content on their blog/website and are reminded that this forum carries all the same rules and practices as sharing content in a traditional classroom setting. Students agree not to share their usernames and passwords, to guard their personal information, and to conduct themselves in an appropriate manner that represents both themselves and their school.

With your permission, your student's work will be available online and accessible via the Internet. Your child's safety is of utmost importance to us. Therefore, all student work will be monitored to ensure your child's protection.

If you have any questions or concerns, please contact your child's teacher.

I have read and understand these terms and conditions.
